# Digital screens

## inside

DeLaMar Theater offers incredible opportunities for branding and promoting your name, business or event. This way, you will have the possibility to give our location a personal twist, make it recognizable for your guests, and possible extra sponsors have the opportunity to

show themselves. You will find digital screens (narrow-casting) in our entry foyer. This sustainable way of branding is offered complementary. You will be able to use a maximum of 5 vertical and 3 horizontal screens. These can all be programmed to your personal preferences.

# Digital screens

## outside

The LED facade banner on front of the theater serves as a real eyecatcher upon arrival. Both during the day and in the evening, your logo or banner will not go unnoticed. The banner has LED lights on both sides, so that visibility is maximized. Next to this, our theater boasts 14 digital

(vertical) screens on the complete outside of the facade. Combining this with the LED banner, the whole outside of the theater can be customized to the theme of your event.

It is also possible to use these options separately.

Tel: 020 5552680, [events@delamar.nl](mailto:events@delamar.nl)

# Branding foyers

There are multiple possibilities to display your branding in our different foyers in the theater. In all the catering foyers, you will have the possibility of sticking the bar in your theme. This is also possible with the glass (standing) tables and the balustrade.

Some foyers also offer the possibility to put stickers on the mirrors. Please refer below for examples of this. The vinyl stickers are printed and applied by our regular supplier.

# Logo walls

A logo wall is a nice solution to shield off certain areas for a photo moment, however, this can also serve as extra decoration for a sponsor or an information booth.

Our supplier offers various options and sizes. Naturally, this can also be arranged by your own supplier.

# Starwalk

Are you planning a festive event? We can offer you a red carpet or a starwalk for the ultimate premiere look

right in front of the entrance. We are happy to inform you about the various possibilities.
